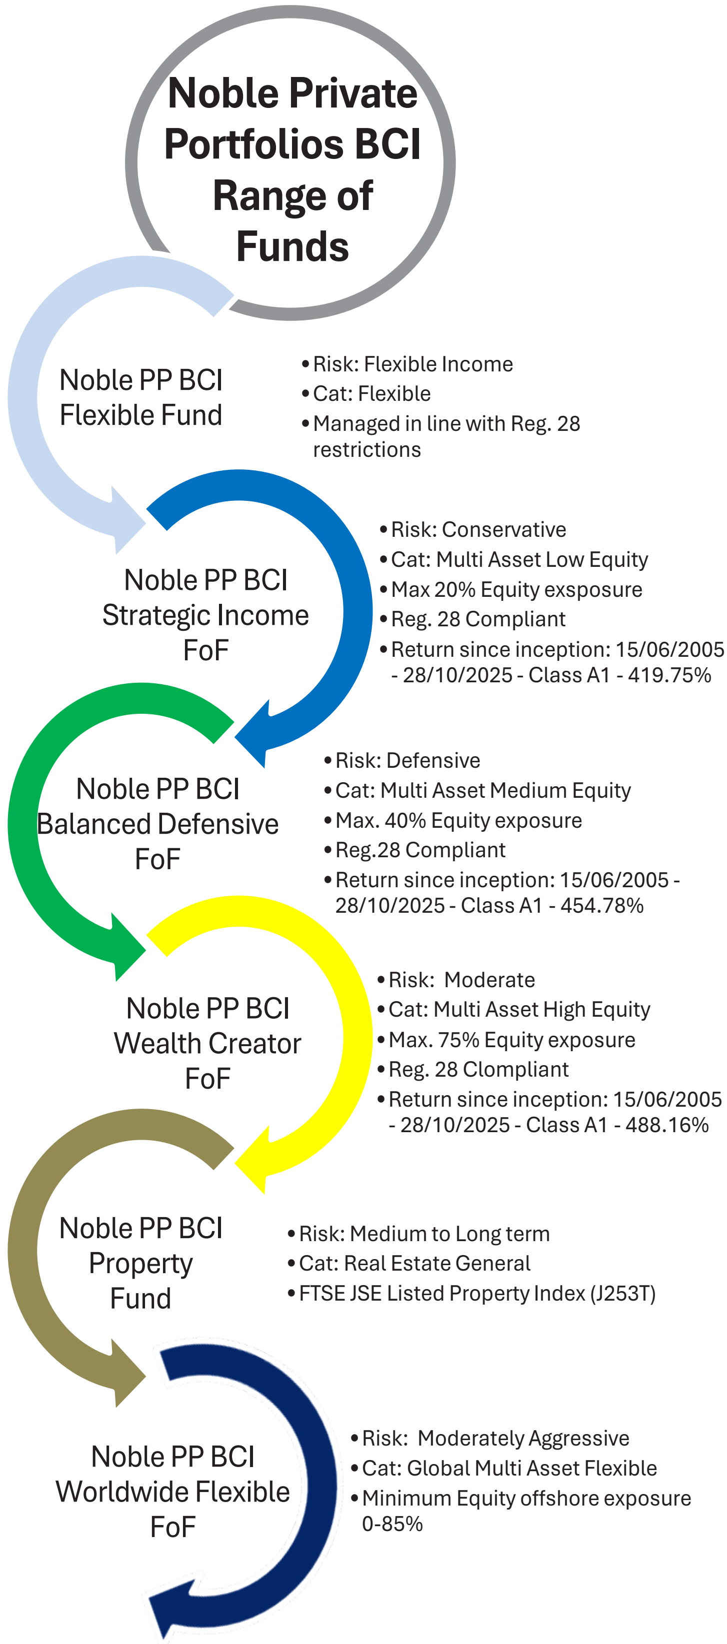
Since 1995, Noble Private Portfolios (Noble PP) has built its reputation on professionalism, discipline and personal relationships. As an independent asset manager registered with the FSCA (FSP 568), Noble PP specializes in Fund of Funds unit trust portfolios designed for investors who want to stay in the market - without unnecessary risk.

When our first Fund of Funds launched in 2005, our mission was clear:

- Give investors access to growth whilst safeguarding their capital - ***Managing Risk.***
- Aim to achieve consistent returns - ***Building Wealth.***
- Utilizing diversification that includes Multi-Asset, Multi Manager and Multi-style structures – ***Create Stability***

Currently, Noble PP continues to embody and maintain those principles through Stable Performance, Risk Management and Transparent Services.

Irrespective of market volatility we focus on safeguarding the hard-earned saving of investors.



The individual investor performance may differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax. Past performance is not necessarily a guide to future performance. Unit prices can fall as well as rise. Unit Trust returns are not guaranteed.
